

InnoTeam: Center of Excellence in IoT Science and Technology

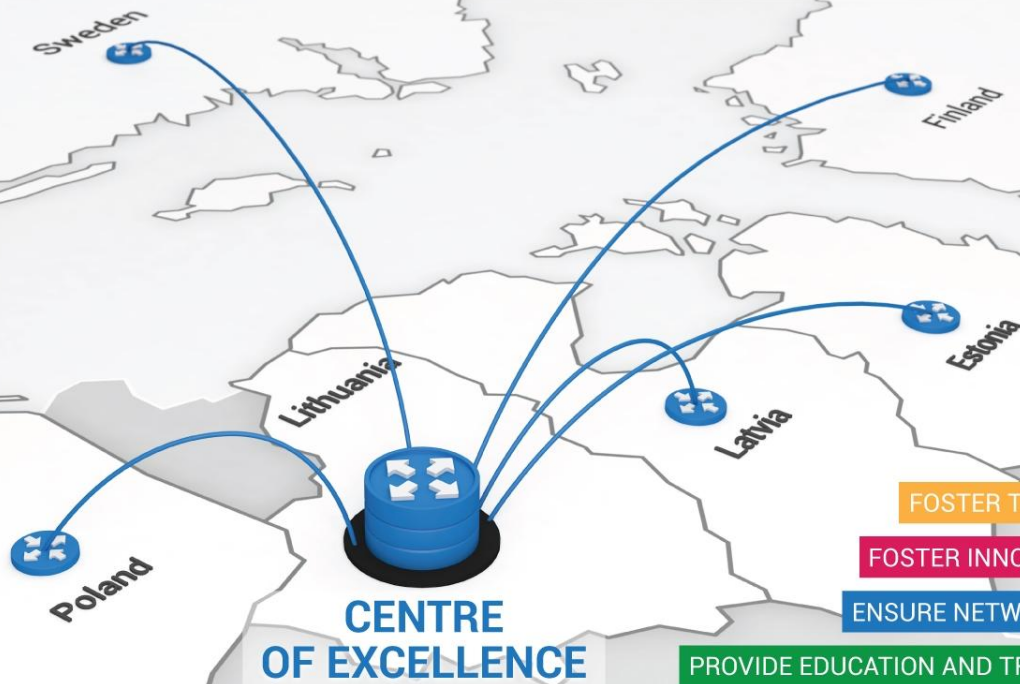

PROJECT IS FUNDED BY THE EU EUROPEAN COMMISSION RESEARCH AND INNOVATION PROGRAMME HORIZON 2020 UNDER GRANT AGREEMENT NO 763805.

InnoTeam is a joint effort between the leading Research institutions and Educational establishments of the Baltics Sea region to **promote the excellence in IoT Science and Technology for Smart Living Systems** for the industrial and socio-economic advantages of the region.

INN ITEAM

UI/UX Design
approaches for Smart
Environments based on IoT

Cybersecurity aspects
in the smart environments
based on IoT

Data Analysis and Visualization
approaches for data intensive
IoT environments

Cognitive IoT technologies
for Smart Home Environments
